solution

Writing – Write a Narrative

Using your planner as a guide, write or type your story. Be sure to experiment with the different sentence types and word choices that your teacher has taught you. Consider ways to make your text engaging, such as through using figurative language and metaphors.

Mathematics – Number and Algebra

WORD PROBLEMS

Using Equations

Write an algebraic equation to solve each word problem.

Show your working clearly.

Sam baked x cookies. His sister ate six cookies.
There were 13 cookies left. How many cookies did Sam bake?

Emily had 5 boxes of pens with x amount of pens in each box. After her mother gave her 12 more pens, Emily had 62 pens. Find the number of pens in each box.

Olivia's parents each gave her x dollars for her birthday. She spent \$25 and had \$5 left. How much money did she receive from each of her parents?
